CRIT 1

OUR IDEA

Key Features

01

Customization

Customise :

- Indoor/Outdoor environments
- Characters(hair, eye colour etc.)

02

Music Player

- Log-in to your Spotify/Youtube music
- Control the music player
- Enjoy Lofi Music as you study

03

Self-study

- Set a timer, mood and study away
- Complete a to-do list, keep yourself on schedule!
- Get motivational quotes!
- Set a reminder for small breaks

04

Watch your character

- Your character sits on the chair when you're studying
- The character jumps up and down when exercising
- The player idles when they have nothing to do

...

But Why?

- Challenge Ourselves!
- To be Industry Prepared
- All Or Nothing

Inspirations

Virtual Cottage

A small application that brings you comfort and productivity!

- The game allows players to study and set timers and to do lists
- It allows for customising the weather
- We were especially fond of the simplistic UI the game used

Inspirations

Isometric View

- Isometric art style.
- Helps scene management and framing - object placement, lighting , etc.
- Manage art style, not resource intensive.

Inspirations

UX and UI

- Although this is far colourful, we like how compact it is
- It doesn't take away from the main image
